# **1. HOST STATE RESPONSIBILITIES**

## **1.1 APPLICATION**

This section outlines information regarding the hosting of National matches. Specific requirements and further information for each Match can be found in the specific Match section.

## **1.2 MARKERS**

Where manual targets are used, the Host Association will provide sufficient markers which must be available on practice and match days.

## **1.3 TARGETS**

The Host State will provide sufficient targets with new faces and there should be spare targets as back up in case of breakage or other damage.

## **1.4 RANGE STAFF**

The NRAA will appoint a Match Executive Officer (MEO) and Chief Range Officer (CRO), whilst the host state should provide all other range staff.

## **1.5 RANGE FLAGS**

The range should be flagged to a standard acceptable to the MEO.

## **1.6 OTHER**

The NRAA, in consultation with the Competition Director and the host State, will disseminate programs and information on the event. The NRAA will work with the Host Association regarding awards, entry processes, arrangement of the dinner venue and other associated Match matters. The host State will also arrange all on range matters – targets, range staff etc.

## **2. NATIONAL TR TEAMS MATCHES - OPEN**

### **2.1 GENERAL**

The Open State and Territory Teams events are designed to encourage competition between the States and Territories at the highest possible level.

### **2.2 BRIEF HISTORY**

The Commonwealth Teams Matches were first held in 1926 for the Cheylesmore Memorial Cup which was named after Major General Herbert Francis Eaton Cheylesmore KCMG, KCVG, CBE (Chairman of the NRAA 1903-1925) and renamed the Sir Charles Merrett Match in 1948.

### **2.3 SELECTION PROCEDURE**

Selection of these teams is the responsibility of the respective states or territories.

### **2.4 ELIGIBILITY**

Each State and Territory Association is eligible to enter one team. Where two or more States and Territories are unable to field their own teams, a composite team(s) may be permitted to enter subject to approval by the NRAA. Team members shall be affiliated members of the NRAA and primary bona fide members of the State or Territory Rifle Association, which they will represent as at the date on which selection to the team is confirmed. A team shall not number more than 14 active participants from whom shall be selected the numbers required for each match as set down in the conditions. A team may appoint a Manager to make a total of 15 team members.

### **2.5 VICE CAPTAIN**

In the event that the Captain of the team is not available to fulfil his/her duties then he/she may appoint a vice captain who for the period of appointment is deemed in all respects to be the Captain.

### **2.6 AWARDS**

Perpetual Team Trophies for the Merrett, Bruce White, Denzil MacArthur Onslow, The Neville Holt, Alastair Macpherson. The Sweet Perpetual Trophy for the team with the highest aggregate score of the five individual matches. The R & J McGowan Trophy to be awarded to the team with the highest aggregate in the Bruce White and Denzil MacArthur-Onslow matches. The Gordon Highlanders Trophy to be awarded to the team with the highest aggregate in the Alastair Macpherson and Neville Holt. The Presidents Trophy awarded to the highest top off rifle individual score in the Merrett Match. Gold Medals shall be awarded to each member (including reserve and Manager) of the first place team of the Merrett Match and the Sweet only. Such medals to be provided by the NRAA Limited but the host State Association shall be responsible for the costs thereof.

### **2.7 CONTROL**

The matches will be under the control of a Match EO representing the NRAA.

### **2.8 SQUADDING**

The CRO shall conduct a draw for targets each morning and after every major break in the program when the markers leave the butts. For the purpose of increasing spectator interest, at the final range of the Merrett Match and The Sweet, the CRO shall squad the leading team in the centre of the range with the remaining teams allocated adjacent to and alternating each side of the leading team in descending order of their placing prior to the final range.

### **2.9 SAFETY**

The Captain of each competing team will be responsible for ensuring that each member of the team strictly observes Standard Shooting Rules (SSR's) in their entirety.

## 2.10 AMMUNITION

NRAA approved loaded factory ammunition and handloads are permitted.

## 2.11 COSTS

The host State shall calculate all local costs incurred in staging the matches, including markers, range and butts officers, targets, and target materials, range fees etc (but not including ammunition costs) and shall submit these detailed costs to the NRAA. The NRAA shall include any other costs that may be involved in running the event and then submit a Budget for the event to the NRAA Board. Upon approval the NRAA shall strike a Teams Entry Fee payable by each State.

Every effort should be made to keep these costs to a minimum and host States should keep in mind the benefits that accrue from having the match held at their venue.

## 2.12 MEETING

A meeting chaired by the Match EO and attended by the CRO and one representative from each competing team shall be held, where practicable, on the day prior to the conduct of practice shooting. The purpose of such meeting shall be to explain practice and Match Conditions as prescribed herein, to decide on practice times and to discuss any local issues which may impact on the conduct of the practices or matches. In all matters the decision of the Match EO shall be final.

## 2.13 CHALLENGES

Any challenges shall be as per SSR's.

## 2.14 EVENTS

The National Teams is currently conducted by rotation of the States & Territories on an approximate 18 month to 24 months cycle. Any consideration for a rotation change shall be determined by the Board.

## 4. NATIONAL F CLASS TEAMS MATCHES

### 4.1 GENERAL

The Open State and Territory F Class Standard, F Open and F/TR Team's events are designed to encourage competition between the States and Territories at the highest possible level.

### 4.2 SELECTION PROCEDURE

Selection of these teams is the responsibility of the respective States or Territories. They shall call for nominations and are responsible for whatever selection process and procedures are used.

### 4.3 ELIGIBILITY

Matches are open to F Standard, F Open and F/TR Disciplines and the following conditions apply.

Each State and Territory Association is eligible to enter one team in each Discipline. Where two or more States and Territories are unable to field their own teams, a composite team(s) may be permitted to enter subject to approval by the NRAA. Team members shall be affiliated members of the NRAA and primary bona fide members of the State or Territory Rifle Association, which they will represent as at the date on which selection to the team is confirmed. A team shall not number more than 9 active participants from whom shall be selected the numbers required for each match as set down in the Match Conditions. A team will consist of a Captain, six shooters, a reserve shooter and a main Wind Coach. From this group of nine, the team may nominate a second wind coach to assist, to read mirage or to rotate with the other Wind Coach to directly coach up to three shooters. Where teams have less than nine members, the minimum number of shooters is six and team members may carry out dual roles as captain, shooter and coach.

An Association if it so desires may appoint in addition to the 9 team members a Team Manager who shall not take an active part in assisting the Team on the shooting mound other than recording the scores of the team on the official scorecard. Team Captain and Team Coach may also be shooting members of the team if a team so decides, but the actual team make up shall be made known to the NRAA Match Executive Officer, in writing, i.e. by entering the names of the team's shooters, the Team Captain, the Team Coach and the Team Reserve on the official score card, no later than 30 minutes prior to the commencement of any match. If in the opinion of the Match Executive Officer, a team member becomes unable to continue, the team reserve may act in any team capacity, i.e. the team reserve may Captain the team, may coach and/or shoot.

### 4.4 VICE CAPTAIN

In the event that the Captain of the team is not available to fulfil his/her duties then he/she may appoint a vice captain who for the period of appointment is deemed in all respects to be the Captain.

### 4.5 AWARDS

Perpetual team trophies will be awarded for each match and each Discipline.

Gold Medallions (10) shall be awarded to each member (including Manager) of the First placed teams in Matches 2 and 3. The assigned Trophies will be awarded to the highest top off rifle individual score in Match 4 for each Discipline, as well as Gold Medals for each of these individuals and their respective coach. Such medals to be provided by the NRAA Limited but the host State Association shall be responsible for the costs thereof.

### 4.6 CONTROL

The matches will be under the control of a Match EO representing the NRAA.

## **4.7 SQUADDING**

The CRO shall conduct a draw for targets each morning and after every major break in the program when the markers leave the butts. For the purpose of increasing spectator interest, at the final range the CRO shall squad the leading team in the centre of the range with the remaining teams allocated adjacent to and alternating each side of the leading team in descending order of their placing prior to the final range.

## **4.8 SAFETY**

The Captain of each competing team will be responsible for ensuring that each member of the team strictly observes Standard Shooting Rules (SSR's) in their entirety.

## **4.9 AMMUNITION**

NRAA approved loaded factory ammunition and handloads are permitted.

## **4.10 COSTS**

The host State shall calculate all local costs incurred in staging the matches, including markers, range and butts officers, targets, and target materials, range fees etc (but not including ammunition costs) and shall submit these detailed costs to the NRAA. The NRAA shall include any other costs that may be involved in running the event and then submit a Budget for the event to the NRAA Board. Upon approval the NRAA shall strike a Teams Entry Fee payable by each State.

Every effort should be made to keep these costs to a minimum and host States should keep in mind the benefits that accrue from having the match held at their venue.

## **4.11 PRE-MATCH MEETING**

A meeting chaired by the Match EO and attended by the CRO and one representative from each competing team shall be held, where practicable, on the day prior to the conduct of practice shooting. The purpose of such meeting shall be to explain the Practice and Match Conditions as prescribed herein, to decide on Practice times and to discuss any local issues which may impact on the conduct of the practices or matches. In all matters the decision of the Match EO shall be final.

## **4.12 CHALLENGES**

Any challenges shall be as per SSR's.

## **4.13 EVENTS**

National Teams Matches are currently conducted by rotation of the States & Territories. Final Decisions on venues and dates will be made by the NRAA Board.

## **4.14 TIME LIMITS**

Time limits per Range have been calculated as per ICFRA Rules. Should any Range be completed before time, the next Range may commence early, subject to agreement between all Team Captains and at the discretion of the CRO.

## **4.15 MEDALLIONS & TROPHIES**

Medallions will be awarded to First Placed teams and for Matches 2 & 3. Also see the Provisions for Individual medallions in Match 4. All other matches have Perpetual Trophies or Shields only.

Below are the formats for various Matches and Awards as decided by the NRAA as at August 2023:

## **4.16 GENERAL FORMAT - 3 days of matches**

Day 1 – Practice sessions at 800/900/1000yds or 700/800/900m.

Day 2 – Match 1 - 15 shots at 900yds or 800m. 20 shots at 1000yds or 900m.

Day 3 – Match 2 - 15 shots at 800/900/1000yds or 700m/800m/900m.

If a Venue has distance or target limitations, then the above course of fire may be modified on approval of the NRAA. Separate details may be conducted provided that all teams of the same discipline shoot in the same detail, e.g. detail 1 for FS, detail 2 for FO, detail 3 for FTR.

Matches will be shot under the current NRAA SSR's. Time limits have been calculated as per ICFRA Rules.

## 5. NATIONAL VETERANS TEAMS MATCHES

### 5.1 PRINCIPLE

All competitions will be conducted under the NRAA Standard Shooting Rules current at the time of the competition.

Subject to availability of a venue, the NRAA Board will preside over the National Veteran Teams Championships no more than once per calendar year.

#### Hosting

Each NRAA Member Rifle Association fielding a minimum of two teams, one of which must be Target Rifle, on two consecutive occasions will be eligible to host the National Veteran Teams Championships by rotation, noting that matches held in conjunction with the National Championships are also included in the rotation.

When and where possible, the National Veteran Teams Championships will be held immediately prior to or immediately following a National or State/Territory Annual Open Championship.

### 5.2 ELIGIBILITY TO PARTICIPATE

All competitors taking part in events promoted by the NRAA must be financial members of the NRAA. The NRAA shall be entitled to recover the cost of such participation at the discretion of the Executive, including on-going administrative costs, range costs and the cost of trophies. Generally, a minimum of three States/Territories must enter a team in a discipline for a match to be valid and trophies and medals to be awarded.

#### Age

A competitor must be 60yrs of age on or before the first day of competition as per ICFRA rules.

### 5.3 COMPOSITION OF A TEAM

A State or Territory Association can field teams in the following disciplines:

- Target Rifle – Up to two teams
- F-Standard – One team
- F-Open – One Team
- FTR – One Team

For administrative purposes, each State and Territory shall nominate one Squad Captain to coordinate between their own teams. The Squad Captain is the primary point of contact from each State/Territory and shall attend the formal meeting with the NRAA Match Director and Range Officer. Individual Team Captains may attend to observe.

#### Composite “President’s” Team

Those States and Territory Associations unable to field teams due to not enough nominations being received, are permitted to pass on to the NRAA any nominations received. Nominations received will be considered for the forming of a President’s Team. Nominations should be forwarded no later than the date NRAA has advised for nominations of team entries to be received.

In addition, NRAA may also call for nominations directly from Veteran aged member shooters to be part of a President’s team in any or all of TR , FSTD, FO and F/TR. The President’s Team is eligible for all trophies and awards.

#### **TR TEAMS**

A TR team representing a State or Territory Association at the National Veteran Teams Championships will consist of:

- A Wind Judge/Coach and five shooters, and may include a reserve, but in the event of a shortfall in numbers the Wind Judge/Coach may be appointed from the 5 team members.
- A Team Captain shall be appointed from within the team members to control the match activities on the mound, and may also shoot, coach or be a reserve.
- The total score obtained by all five shooters will be the TR team score for the match.
- Each State or Territory Association may enter one or two TR Teams whose personnel must be declared prior to the commencement of all competitions.

### F CLASS TEAMS

One F-Class team from each of F Standard, F Open and FTR disciplines are also able to be entered representing a State or Territory Association at the National Veteran Teams Championships and will consist of:

- A Wind Judge/Coach and five shooters, a Captain and may include a reserve, but in the event of a shortfall in numbers the Wind Judge/Coach may be appointed from the 5 team members.
- A Team Captain shall be appointed from within the team members to control the match activities on the mound, and may also shoot, coach or be a reserve. The total score obtained by all five shooters will be the F -Class discipline team score for the match.
- Each State or Territory Association may therefore enter up to two TR teams and three F-Class teams (three separate disciplines) whose personnel must be declared prior to the commencement of all competitions.

### RESERVE SHOOTERS

- Each State or Territory may have up to one (1) reserve shooter.
- Reserves for State or Territory Veteran Teams may shoot immediately after his/her team have completed shooting at each range and under the same coach, time permitting.

### GENERAL

- All nominated Teams will be in direct competition with each other.
- If after the commencement of a match a shooter is forced to retire due to unforeseen circumstances (other than gear malfunction) or illness the NRAA will convene a meeting with all Squad Captains who, exercising all due diligence MAY permit a replacement. The team emergency may continue in his/her place commencing with the next shot.
- In the event of unforeseen circumstances or where states would have a problem in selecting sufficient team members to compete, the NRAA, on request, shall convene a meeting of all Squad Captains before the start of the competition who, exercising all due diligence, and satisfied that Rule 2 of the Competition Rules is complied with, MAY permit a member from another State/Territory to be included in order that, that team can participate in the competitions. Only ONE additional person can be used per team.

## 5.4 SCHEDULE OF MATCHES AND CONDITIONS

## 9. NATIONAL PAIRS AND INDIVIDUAL MATCHES

### 1. GENERAL

The National Pairs and Individual Matches are a NRAA competition based on the ICFRA Pairs International Competition. The match will be conducted by rotation of the States & Territories (hereinafter called "States"). Final decisions on venues and dates will be made by the NRAA Board a minimum of 12 months in advance. The matches will be under the control of a Match Director representing the NRAA. Standard Shooting Rules apply to the conduct of the matches.

### 2. ELIGIBILITY

Matches are open to Target Rifle (TR), F Open and F/TR Disciplines (as the current ICFRA international disciplines) and the following conditions apply.

Each State and Territory Association is eligible to enter up to two pairs in each Discipline. Team members shall be, primary bona fide members of an affiliated NRAA State and Territory member, which they will represent as at the date on which selection to the team is confirmed.

Where entry and/or target capacity exists, the NRAA may also approve the conduct of an Under 25 Pairs Competition for each of TR, FO and F/TR disciplines. Inclusion of these categories will be subject to sufficient registration of entries to form a competition.

Four States must compete in each discipline (and Under 25 categories and respective disciplines where applicable) to form a competition to warrant the award of medals.

### 3. SELECTION PROCEDURE

Selection of the pairs to form a team is the responsibility of the respective States. They shall call for nominations and are responsible for their own selection process and procedures.

### 4. COURSE OF FIRE

The standard course of fire for the TR match on each of the two match days will be 2 sighting shots and 15 shots to count at each of 300 and 600 meter/yards, 800 meter/900 yards and 900 meter/1000 yards.

However, for F Class, differences may be approved by NRAA (such as F Class firing 20 shots to count at 600 meter/yards, 800 meter/900 yards and 900 meter/1000 yards) provided that such differences will not create any risks for the sustainability and practical execution of all the matches on the same day(s) and range(s).

The matches may be fired as string shooting or Bisley style, as advised by the controlling body in advance.

### 5. PAIRS TEAM COMPOSITION

A Pairs Team from each State and Territory in each of the TR ('open' class), F/Open and F/TR disciplines will consist of the following:

- 1 Team Manager/Adjutant
- 2 Shooters forming one Pair
- 1 Reserve

These members form an Open Pairs team regardless of gender. The first Pair shall be designated as "State name" and "discipline" and "state colour of their choosing".

The two shooters in a second Pair may share the Team Manager and/or Reserve of the first Pair or have its own members in those positions. Should such sharing take place, and the second Pair wins medals, the two shared members will be deemed to be part of the winning Pair for the award of the relevant medals. However, should both Pairs of a State win medals, such shared officials may only receive medals in the higher placed team.

It is permissible for a Pairs Team to consist of only 2 members, or any other greater number up to 4.

### **a. MANAGER**

The Manager has access to the competitors' area but not the firing point except only for the purposes of resolving queries or protests connected with the rules or conduct of the competition, or rectification of rifle or equipment mishaps. The Manager may offer no advice in the way of coaching from the moment the CRO calls the competitors forward until the moment that both competitors have left the firing point having completed their shoots. The Manager may only be replaced for reason of personal emergency and once replaced, may not resume the role.

### **b. RESERVE**

Should a member of a team be prevented from continuing to fire by any cause both imperative and unforeseen that shooter's place may, with the prior approval of the CRO, be taken by a reserve to fire in the place of the retiring member and to take up the firing at the stage when such member retired. The reserve will not be entitled to any extra sighting shots. Any such incapacitated shooter who is replaced may not participate in the match again as a shooter on the same day as their withdrawal. If the original shooter is subsequently restored to the team, the reserve who replaced that shooter will revert to reserve status. In addition, the restrictions applicable to the Manager regarding access to the competitors' area but not the firing point and coaching also apply to the Reserve.

### **c. FORMAT OF THE PAIRS MATCH**

When two Pairs per competing State are included, then once the Match has commenced, the competing Pairs from States entering two Pairs must operate separately and interchange of shooting members and/or coaching information is not permitted.

The shooters in a Pair may coach each other but may not receive any advice or assistance (other than as provided in rules 4a and 4b) from any other person during the period of the detail (i.e. from the moment the CRO calls the competitors forward until both shooters have completed their shoots and left the firing point).

Timing for a whole Pair to complete its shooting shall be 47 minutes at 300m/yds and 600m/yds, and 51 minutes at 800m/900yds and 900m/1000 yds. This includes 5-minute handover time between each shooter in a pair and is based on the standard course of fire as in clause 4.

#### F Class

Where 20-shot matches are included for F-Class, the timing shall be 60 minutes at all ranges including a 5-minute handover time within the pair.

When the Pairs Match requires two details to accommodate all the Pairs, the second detail (Pairs) at each distance will have a 10-minute changeover and preparation time. The second detail must not commence firing until instructed by the (Chief) Range Officer.

## **6. SQUADDING**

Draws will take place for targets for the Pairs and Individual Matches before the commencement of the relevant match. For the Pairs (team) Match:

- one target will be allowed to each pair.
- A pre-prepared scheme of target allocation may be used which ensures that, over the course of the whole match, competitors are subject – as far as possible – equally to any variable conditions arising from position on the range.

- Care must be taken to ensure individuals from the same State are not squadded together, nor Pairs (when two Pairs per State are allowed) on adjacent targets, and that as far as possible no individual or Pair shoots on the same firing point/target number more than once.
- The Match Director must be present at these draws.

If the organisers have the capacity to finalise a “seeded” target squadding for the purpose of increasing spectator interest, at the final range the CRO shall squad the leading team in the centre of the range with the remaining teams allocated adjacent to and alternating each side of the leading team in descending order of their placing prior to the final range. This should only be carried out provided that all competitors are informed with sufficient notice to prepare and there is no risk of delaying the shooting programme. If not, the original target squadding will suffice.

If two details are required due to range capacity, the Pairs will draw for target and detail numbers. The details will exchange firing order as follows: First detail will shoot first at 300 yards/meters and 800 meters/900 yards. The second detail will shoot first at 600 yards/meters and 900 meters/1000 yards. Two Pairs from the same State may not be squadded to the same target number in the two details, thereby avoiding that they have to score for each other.

## 7. ICFRA INDIVIDUAL MATCH

Only shooters who competed in the Pairs Match are eligible to compete in the individual match. Such shooters may still be assisted by their managers as for the Pairs Match, but subject to the same restrictions as in 5a.

Target squadding shall be in accordance with 6. The overall system of squadding (i.e. ‘Bisley’ style or string shooting), scoring, timing per shot or string, and all other rules shall be in accordance with the relevant SSR rules for individual competition.

## 8. AWARDS

For the Pairs (team) Match, NRAA medals will be awarded as follows for each of the TR, F/Open and F/TR disciplines: -

- First place Pair (team) - Gold
- Second place Pair - Silver
- Third place Pair - Bronze

Four (4) of each medal must be provided, one for each Pair team member, as stipulated at clause 5. Should a Pair have less than 4 members, each must receive a medal, but the remaining medals are not to be issued.

Awards will be made even if only the minimum number of four Pairs per discipline compete.

For the Individual Match, NRAA medals will be awarded for each of the TR, F/Open and F/TR disciplines: -

- First place (Individual) - Gold
- Second place - Silver
- Third place - Bronze

Where Under 25 competition is conducted in conjunction with the Pairs and Individual Match, NRAA medals will be awarded for each of the corresponding TR, F/Open and F/TR disciplines: -

- First place (Individual) - Gold
- Second place - Silver
- Third place - Bronze

## 9. COSTS

The host State shall calculate all local costs incurred in holding the matches on behalf of NRAA, including markers, range and butts officers, targets, and target materials, range fees etc (but not including ammunition costs) and shall submit these detailed costs to the NRAA. The NRAA shall include any other costs that may be involved in running the event and then submit a Budget for the event to the NRAA Board. Upon approval the NRAA shall set a Teams Entry Fee payable by each State.

Every effort should be made to keep these costs to a minimum and host States should keep in mind the benefits that accrue from having the match held at their venue.

## **10. PRE-MATCH MEETING**

A Team Captains meeting chaired by the Match Director and attended by the CRO and one representative from each competing team shall be held, where practicable, on the day prior to the conduct of the competition. The purpose of such meeting shall be to explain the Match Conditions as prescribed herein and to discuss any local issues which may impact on the conduct of the matches. In all matters the decision of the Match Director shall be final.

## 10. AUSTRALIAN CHAMPION OF CHAMPIONS

Decided at May 2007 Board Meeting to hold an annual Match immediately prior to the NRAA National Championships at which each State or Territory Champion would compete against each other for the Title. Each State and Territory to contribute \$300 per annum to the NRAA, which is to distribute the funds towards reimbursing part of the travel costs of the competitors. The allocation of funds will be made following submission of receipts from all the competitors.
