ACT Championships and Accommodation

Entries for the ACT Championships are required by 31 October. We understand that teams will make their own accommodation arrangements. Details on unpowered on-range tent and caravan camping, as well as (limited) share-hut accommodation will be available on the ACT Championships link (when released).

Targets

The matches will be conducted on Kongsberg Electronic Targets. Each mound has two concrete pads for each target, allowing one shooter to get ready while the other is shooting.

Kongsberg electronic targets will be used during the ACT Championships and for all Teams practices and matches. There is only one monitor per target, and it must be positioned so that the Coach, Captain and scorers (from another team) plus plotters can all view the screen.

Program

Please see the below attached program (pages 3 - 5). Detailed particulars of the matches can be found on the NRAA web page: <https://nraa.com.au> under Competitions>NRAA Competitions>Competitions Policy.

Kind regards

Toni Hulme
